## EXPERIENTIAL LEARNING IN INDIAN AGRICULTURE JANUARY 2018 INTERSESSION

### PROGRAM DESCRIPTION

Indian agriculture accounts for one of the largest markets of agricultural products, food, fiber and fuel. This program provides the opportunity to develop a global perspective and broaden understanding of Indian agriculture, farming, and food supply chain. India's agricultural system consists of big and small land-holding and subsistence farming, and heavily relies on locally-grown produce. Students will visit research centers, rural communities, and agricultural industries, and learn about India's agricultural system.

PROGRAM TYPE: FACULTY-LED INTERSESSION

PROGRAM DIRECTORS: DR. MARY SAVIN, [MSAVIN@UARK.EDU](mailto:MSAVIN@UARK.EDU)
